

HOW TO APPLY FULL STRIP EYELASHES

krē·āt

1 MEASURE

Apply clean false eyelashes to your lashline from beginning to end of eye. The lash should fit comfortably.

LASH TIP
Make sure lash is not applied too close to the inner corner of the eye.

2 BEND

false eyelash strips several times to make pliable. Try wrapping around applicator tool

3 CUT

If the lash is too long, cut the extra length from the *outside* corners of the lash.

4 GLUE

Holding the lash with applicator tool, line the base of the lash with a thin layer of kre-at eyelash glue, allow to dry for 30 seconds to get tacky. Fanning the lash gently speeds up the process.

5 APPLY

Balance the strip on top of your natural lashes connecting at the center, adhere. Follow with the inner corner, finally finish with the outer corner.

6 REMOVE

Using a pointy cotton swab and a little eye makeup remover. Remove false lashes carefully from the outside corner in. Remove excess glue carefully and place on mask to store until next use.

LASH TIP
Once glue is dried, curl false and natural lashes together for a natural feel.

LASH TIP
If necessary use the back of your applicator tool to push lashes down closer to the lashline.
